## EXPERIENCE

---

### Web Developer and Teaching Instructor: Bergen Blended Academy

*Hasbrouck Heights, NJ*

December 2017 - PRESENT

Migrated [www.bergenblended.com](#) from WIX onto WordPress, updating the site's appearance and functionality; now in charge of administrating the website. Currently developing a private database web app in JavaScript and Firebase for managing student records. Additionally, teaches web design and programming courses.

### Web Developer and Administrator: BJ Floors and Kitchens

*Passaic, NJ*

December 2014 – September 2015

Rebuilt an outdated [www.bjfloorsandkitchens.com](#) website in WordPress, later administrating the site's vast inventory of products.

### Web Designer and Developer: Jossbox

*Remote*

September 2014 – January 2015

Collaborated with in-house designers to redesign a Magento-based fashion magazine website, [jossbox.com](#). Using HTML, CSS, and JavaScript, updated the site's appearance, and made it responsive for mobile devices. Additionally, configured Magento's back-end setup in order to dramatically speed up the site's load times.

### WordPress Developer: Abel Attorneys

*Remote*

September 2014 – October 2014

Worked with a partner web developer to create a WordPress website for Abel Attorneys, a reputable law firm: [abelattorneys.com](#).

## EDUCATION

---

### Rutgers University

*New Brunswick - Newark, NJ*

2015 – 2018

Completed 3 years towards a Bachelor's degree in Computer Science.

## PROJECTS

---

### Geosearch Area Statistics

2015

Uses REST APIs from US Census, Zillow and other services to fetch information about an area: [github.com/linktoproject](#)

### Feather

2015

Lightweight alternative to CSS grid systems: [github.com/linktoproject](#)
