

# JENNIE LINN

## MY LIFE PHILOSOPHY

Learning never exhausts the mind - Leonardo da Vinci

## STRENGTHS

### Analytical Skills

Proficient in data analysis and modeling

### Teamwork

Experience in collaborative environments

### Innovation

Ability to research and test new tools

## SKILLS

R · Python · SQL · Data Analysis ·  
Predictive Modeling ·  
Collaboration · Research

## ACHIEVEMENTS

### Master's Thesis

Developed an innovative predictive model

### Data Science Project

Led a successful project at university

### Internship at Arch Capital

Gained valuable industry experience

## Innovative Data Scientist Intern

+1-541-754-3010 @ help@enhancv.com linkedin.com New York, NY

## SUMMARY

Rising data science professional with a strong interest in the insurance industry. Proven ability to build predictive models and analytic solutions. Proficient in R, Python, and SQL.

## EXPERIENCE

### Data Scientist Intern

2023 - 2023

#### Arch Capital Services LLC

Jersey City, NJ

Collaborated with experienced modelers to build predictive models and analytic solutions. Researched and tested new analytics approaches and tools. Assisted in testing and implementation of models.

- Collaborated with experienced modelers to build predictive models, contributing to a 10% increase in efficiency
- Researched and tested new analytics approaches, leading to a 15% improvement in model accuracy
- Assisted in testing and implementation of models, ensuring 100% compliance with industry standards

## EDUCATION

### Master's in Data Science

2021 - 2023

#### XYZ University

New York, NY

## LANGUAGES

English

Native

## AWARDS

### Best Data Science Project

Awarded at XYZ University
