MY LIFE PHILOSOPHY

The only way to do great work is to love what you do. - Steve Jobs

SUMMARY

Enthusiastic and driven Java Developer with over 5 years of hands-on experience in developing and maintaining Java applications. Strong problem-solving and collaborative skills, consistently delivering high-quality results and embracing diverse challenges. Proficient in Java, Spring Framework, Hibernate, MySQL, Git, and Agile Methodology. Successfully led a team in completing a mission-critical project resulting in a 20% increase in client satisfaction. Bachelor of Science in Computer Science from the University of XYZ. Excited to join a leading hedge fund and contribute to driving growth and innovation, while working with a high-energy team of tech enthusiasts.

STRENGTHS

Problem-solving

Successfully troubleshooted and resolved complex issues in Java development resulting in improved efficiency and customer satisfaction.

Collaborative

Proven ability to work collaboratively with cross-functional teams, effectively communicating ideas and delivering high-quality results.

Adaptable

Demonstrated flexibility in adapting to new languages and frameworks, quickly learning and applying new technologies as required.

EXPERIENCE

2022 - Ongoing

New York, NY
