## WORK EXPERIENCE

---

Since Sep'12 with ABC Bank Corporation, New Delhi as Senior Business Analyst

### Key Result Areas:

- Subject Matter Expert and Advisor on regulatory compliance IT solutions entailing implementations across APAC
- Working directly with product owners and stakeholders to elicit their feedback on customer satisfaction items
- Analyzing existing customer satisfaction functionality requests for providing business-value based recommendations to Product Owners
- Facilitating requirement JADs, root cause analysis and other requirements workshops
- Conducting requirements training sessions and developing best practices for product delivery
- Partnering with Development Leads to identify opportunities for better collaboration and process improvements
- Leading a team of 3 Junior Business Analysts; promoting a strong culture of standard Business Analysis processes as part of global standards

### Accomplishments:

- Single point of contact between Project Management and IT groups from solution planning, sizing, to fulfillment
- Implemented third party solutions which enabled a near real-time order-based surveillance that highlighted potential intentions of market abuse activity
- Established large, high-performance IT teams to support IT regional operations; utilized local resources and established cost savings worth 30%
- Captured 60% in cost savings through a virtualization project that substantially reduced the carbon footprint
