Profile

Personable and process-oriented Business Analyst with 10 years of experience linking organization's information technology capabilities with its business objectives.

Employment history

Jan 2013 – Present

New York, New York

Sr Business Analyst at Deutsche Bank

Deutsche Bank is a German global banking and financial services company. As a Sr Business Analyst, my core activities include:

- Gathering intelligence from corporate executives and middle managers about needs and future growth
- Partnering with application directors and creators to ensure each project meets a specific need
- Assuming responsibility for project tasks and ensuring they are completed in a timely fashion
- Evaluating, testing, and recommending new opportunities for enhancing our software, hardware, and IT processes
- Compiling and distributing reports on application development and deployment

Jun 2000 – Jan 2013

New York, New York

Business Analyst at Goldman Sachs

Goldman Sachs Group, Inc. is an American multinational finance company that engages in global investment banking, investment management, securities, and other financial services. As a business analyst, my core activities included:

- Designing and executing A/B testing procedures to extract data from test runs
- Evaluating and drawing conclusions from data related to customer behavior
- Consulting with the executive team and the IT department on the newest technology and its implications in the industry
- Creating direct channels of communication to software and application developers to get the job done without managerial interjection

Aug 1999 – Jun 2000

New York, New York

Jr Business Analyst at Johnson & Johnson

Johnson & Johnson is an American multinational medical devices, pharmaceutical and consumer packaged goods manufacturing company. As a Business Analyst, my core activities included:
