## Oracle PL/SQL Developer

Phone: (0123)-456-789 | Email: info@qwikresume.com | Website: Qwikresume.com

### SUMMARY

About 6+ years of programming experience as an Oracle PL/SQL Developer in Analysis, Design and Data Modeling (Logical and Physical). Development of client/server, multi-tiered applications using the Oracle Relational Database Management System (RDBMS), SQL and PL/SQL on different platforms like Windows NT/2000/XP, UNIX, and Linux. Well experienced working with Waterfall & Agile Methodologies. Experienced in Tuning Queries for better performance with a large volume of data.

### CORE COMPETENCIES

SQL LOADER, SQL Developer, SQL Plus, SQL Developer, Data Modeler, Oracle Forms 6i/9i/10g, Oracle Reports 6i/9i/10g, Crystal Reports, ETL, SSIS

### PROFESSIONAL EXPERIENCE

#### Oracle PL/SQL Developer

Wendys Company - January 2015 – March 2016

##### Key Deliverables:

- Created technical design for the back end PL/SQL based on business requirement documents and the functional system design.
- Creation of database objects like tables, views, synonyms, materialized views, stored procedures, packages using Oracle tools like PL/SQL developer.
- Coordinated with the front end design team to provide them with the necessary stored procedures and packages and the necessary insight into the data.
- Involved in updating procedures, functions, triggers, and packages based on the change request.
- Built complex queries using SQL and wrote stored procedures using PL/SQL.
- Used ref cursors and collections for accessing complex data resulted from joining of a large number of tables.
- Involved in moving the data from flat files to staging area tables using SQL loader.

#### Oracle PL/SQL Developer

ABC Corp - 2010 – 2015

##### Key Deliverables:

- Participated in client business needs discussions and translate those needs from a data perspective into technical executions.
- Got all design and coding reviewed and approved by the concerned authorities.
- Planned and executed the testing and implementation of major systems.
- Participated in sprint ceremonies.
- Participated in both peer design and code reviews.
- Provided production support through monitoring, notification and job/service management.
- Participated in vendor review and selection where appropriate.
