## Skills

### Oracle

### PL/SQL

### Migration to SQL Server

### SSRS Reporting

### Automation

## Languages

### Spanish

Conversational

OCA and MCSE certified SQL developer with 4+ years of practical in-house and contracting experience. At P&G, migrated and managed a group of 17 in-house databases which are integrated into apps, algorithms and forecasting tools, totaling over 75 million records on 150+ different products. Developed 27 SSRS reports using SSRS 2016 for use in APIs, apps, and printed files. Saved 7% of data entry budget by integrating a language-specific OCR tool.

## Experience

2017 -

### SQL Developer

2020

*P&G*

- Migrated (from SQL 2012) and managed a group of 17 company SQL 2016 databases with over 75 million records.
- Constantly working in a multidisciplinary team of 28 analysts, business analysts, developers, data scientists and BI professionals.
- Developed 27 SSRS reports in SSRS 2016 as opposed to 2008 R2, allowing for better integration with modern APIs, and apps, and saving approx. 25-40 hours weekly across the team.
- Developed 100+ SQL scripts and automations to implement improvements and tools suggested by the multidisciplinary team.
- Saved 7% of the data entry budget (\$140k/pa) by integrating a new, language-specific OCR tool.

2015 -

### SQL Developer

2017

*Freelance*

- Gathered experience of understanding business requirements for 25+ different clients across different industries, and creating SQL procedures, scripts and automations for different needs.
- Migrated 10+ databases from Oracle and Access to SQL Server 2016.
- Worked pro-bono with a local chain of greengrocers to help them mend their annual losses of \$75k and be back in the clear in 2017. Now, Al's Greengrocers has three new locations and is operating profitably.

## Education

2012 -

### BS in Computer Science

2016

*Chicago University*

GPA: 3.8

## Certifications

MCSE Data Management and Analytics
