

ISABELLE TODD

Experienced SAP ABAP Developer Lead

@ sapabapdev@example.com

London, UK

SUMMARY

An experienced SAP ABAP developer with strong skills in BRF+, ADOBE, Webdynpro, and ABAP Objects, seeking a challenging role in a dynamic environment that offers growth opportunities.

EXPERIENCE

SAP ABAP Developer Lead

ABC Company

2019 - 2022

Manchester, UK

Worked on a complex SAP landscape with multi-track developments, developing, supporting, and delivering all WRICEF elements (Workflow, Reports, Interfaces, Conversions, Enhancements, and Forms) on an EhP8 SAP TRM (Tax and Revenue Management) industry solution system.

- Designed and developed custom reports using ABAP programming, resulting in increased efficiency and time savings.
- Developed and maintained Adobe forms for the SAP PSCD system, resulting in improved user experience and system performance.
- Implemented BRF+ rules engine for tax calculation, resulting in significant cost savings for the client.
- Provided technical support for SAP HR, TRM and CRM modules, resulting in timely issue resolution and high customer satisfaction.

Senior SAP ABAP Developer

XYZ Corporation

2017 - 2019

Birmingham, UK

Contributed to the development of a custom SAP solution for a public sector client, providing ABAP development expertise and supporting the team in delivering key projects.

- Developed and maintained custom workflows and interfaces for the SAP HR module, resulting in increased productivity and improved data accuracy.
- Implemented BRF+ rules engine for tax calculation, resulting in significant cost savings for the client.
- Developed and maintained custom Fiori apps for the SAP CRM module, resulting in improved user experience and increased adoption.

SAP ABAP Developer

DEF Solutions

2015 - 2017

London, UK

Developed and maintained custom ABAP programs and interfaces for various SAP modules.

- Developed custom reports and forms for the SAP MM module, resulting in improved efficiency and accuracy.
- Developed and maintained interfaces between SAP and non-SAP systems, resulting in seamless data integration.
- Provided technical support for SAP PP and SD modules, resulting in timely issue resolution and high customer satisfaction.
