SUMMARY

Experienced SQL Developer with a passion for problem-solving and attention to detail. With a Bachelor of Science degree in Computer Science and a strong background in Microsoft SQL, ETL, and data migration, I have successfully delivered optimized data solutions resulting in improved efficiency and seamless transitions. I am excited about the opportunity to contribute my skills and collaborate with your team to drive data-driven insights and ensure data integrity. My proudest achievements include implementing an automated reporting system and leading a successful cross-functional data migration project. Let's leverage technology to fuel success together.
