SUMMARY

With over 10 years of experience in web design and development, I have honed my skills in UI/UX design, front-end development, and conversion rate optimization. I have a proven track record of increasing user engagement and conversion rates, with notable achievements such as improving the UX of Google Search and designing the landing page for the iPhone X launch. I am excited to bring my expertise to a growth-focused role where I can contribute to the success of the product.

ACHIEVEMENTS

iPhone X Launch

Designed the landing page for the iPhone X launch, which received over 1 million visits on the first day.

Conversion Rate Increase

Implemented new design strategies that improved conversion rates by 20% at Adobe.

STRENGTHS

Web Design

Expert in using tools like Figma and Sketch to design web pages with excellent UI and UX.

Web Development

Proficient in front-end web development, able to build static landing pages in a day or two using ReactJS and CSS.

Conversion Rate Optimization

Skilled in identifying conversion rate opportunities, improving page copy, and strategizing flows, leading to an increase in conversion rates.

EXPERIENCE
