Resume objective

Inspired and results-driven business intelligence analyst with 8+ years experience in finance and banking sectors. I hold a Bachelor's degree in Computer Science. Focusing on business needs and process improvements I manage the full life cycle of each project engaging end-users and stakeholders. Most notable achievement: redesigned online system allowing clients to contact account managers directly. Results: 120% increase in query resolution within 72 hours and 95% customer satisfaction on survey results.

Work experience

Sep 2015 - Present

Business Intelligence Analyst

Wells Fargo Bank, Charleston

- Managing full life cycle of projects from discovery to planning, implementation and delivery
- Maximizing business intelligence tools to detect source of challenges faced by end-users
