Summary

Detail-oriented ETL tester with 6+ years of experience and excellent communication skills. At LundGeek, increased reporting accuracy by 12% and introduced a documentation method, resulting in 80% of reports delivered before deadlines. Eager to apply my skills and experience towards driving growth and efficiency through consolidating relevant data at Drip Technologies.

Experience

ETL Tester

LundGeek, Austin, TX

June 2017–present

Created, optimized and implemented 25+ inline view queries and SQL queries. Revised testing procedures to decrease overall product cycle duration by 10%, with no detriment to product quality. Scheduled and coordinated testing workflow among a team of 3 other fellow testers. Initiated and led a company-wide effort to streamline methods of reporting and documentation. This resulted in 80% of reports being prepared ahead of schedule, with a 12% increase in accuracy.

ETL Tester

DataCo, Austin, TX

June 2015–June 2017

Produced and performed 100+ test plans and scripts per week. Improved performance of the PL/SQL procedures by creating custom views. Prepared 15+ test environments for QA team per month.
