EXPERIENCE

Software Developer, 01/1995
Adobe Systems Incorporated – Emeryville, CA
- Designing and programming the ZZZ++ software library for distributed management of ZZZ Base with integrated into ZZZ Server TTM program language.
- Designing and programming the ZZZ Server for management of ZZZ Base.
- Designing and programming the NoSQL ZZZ Base.

Programmer, 10/2012 - 04/2018
Ho Chunk – Detroit Lakes, MN
- Developed time-series management software modules, ship management software modules, and ship simulator software modules for Norwegian customers.
- Developed automatic installations for web applications, web services, and windows services.
- Skills Utilized: C/C++ ` C# ` Azure ` WPF ` MVC ` MVVM ` DotNET ` XML ` XSLT ` HTML ` JavaScript ` jQuery ` CSS ` Web services (REST and SOAP) ` JSON ` TTM ` time-series ` IoT ` MS SQL ` InstallShield ` WiX ` Agile model ` Scrum framework ` SDLC.

Programmer, 02/2012 - 10/2012
Ho Chunk – Dunn Loring, VA
- Developed finance management software modules with MS SQL database, C#, Visual Basic, MVC, HTML, JavaScript, CSS.
- Skills Utilized: MS SQL database ` C# ` Visual Basic ` MVC ` DotNET ` HTML ` JavaScript ` CSS ` jQuery ` SDLC.

Web Programmer, 10/2011 - 02/2012
Bae Systems – Wallops Island, VA
- Developed software systems in support of a GPS vehicle tracking system.
- Skills Utilized: Java ` Java web services ` Oracle database ` HTML ` CSS ` JavaScript ` XML ` XSLT ` Visual Basic ` Windows ` Linux ` SDLC.

Software Developer and Manager, 04/1997 - 10/2011
Perfect Software Ltd – City, STATE
- Supervised a team of over 25 developers, customer consultants, and dealers.

ACCOMPLISHMENTS

- Technical University of Gabrovo - developed a mathematical software system for calculating differential equations and a system for process optimization and more at the university.
- Written tens of successful software applications and millions of code rows.
- CORE QUALIFICATIONS Software Development Management Different operation systems SQL and NoSQL databases Client/Server Network Protocols Web Development Software scalability.

EDUCATION

MSc: Mechanical engineering
Technical University of Gabrovo
Mechanical engineering

SUMMARY

As a professional with an excellent record of success as a software developer and manager - to contribute to the successful development of the company.

Willing to relocate to the

HIGHLIGHTS

- PROFESSIONAL SUMMARY
- Been committed to the sphere of software development over 23 years and have thoroughly mastered over 33 programming languages.
- Throughout time, immersed in developing Java and C++ NoSQL knowledge base systems alongside a multitude of different software -an automated system for building management,an ERP system,a multilingual dictionary program,a spreadsheet management system,a cash register system,barcode reading and printing systems,a scales management system,HTTP, TCP and knowledge base management servers,mobile Java games,an antivirus program,a mathematical system for calculating differential equations,a system for process optimization and more.
- Retain a Masters degree in mechanical engineering.
- Developed C++ NoSQL base systems alongside a multitude of different software - an automated finance system for building management, an ERP finance system, a multilingual dictionary program, a spreadsheet management system, a cash register system, bar-code reading and printing systems, a scales management system, HTTP, TCP and knowledge base management servers.
- Skills Utilized: C/C++ ` Borland Delphi ` Java ` NoSQL ` XML ` XSLT ` ERP ` HTML ` JavaScript ` CSS ` Windows ` Linux ` TCP/IP ` Sockets ` Management ` SDLC ` finance ` accounting... C/C++ ` Java ` TCP/IP ` Sockets ` HTML ` JavaScript ` CSS ` HTTP ` Windows ` Linux ` Mac OS X ` Android ` Cross-platform C/C++
- Site: http://demo.zzz.bg/en C ` C++ ` C# ` Pascal ` Borland Delphi ` Go ` Java ` JSP ` JavaScript ` XML ` XSLT ` HTML ` XHTML ` CSS ` Fortran ` Assembly Language ` PHP ` Prolog ` Lisp ` TRAC ` TTM ` Forth ` FP ` Visual Basic ` BASIC ` Logo ` Python ` SQL ` PL/I ` Modula-2 ` R ` Batch ` Machine Code ` Borland Paradox
- MS Visual Studio ` Android Studio ` Code Blocks ` XCode ` NetBeans ` IntelliJ IDEA ` Eclipse
- MS Windows - all versions ` Linux - Debian, Raspbian, Ubuntu, Mint, Fedora, Red Hat ` Mac OS X ` Android ` MSDOS
- MySQL ` Microsoft SQL Server ` Oracle Database ` NoSQL ZZZBase ` NoSQL MongoDB
- Apache ` Tomcat ` Internet Information Services (IIS) ` ZZZServer ` Server development
- HTTP ` HTTPS ` TCP/IP ` TLS ` RESTful Web Services ` NoSQL database development
