PROFESSIONAL SUMMARY

As a former logistics manager, I constantly aim to maintain an organized workflow. This experience will help me as a junior iOS developer, where I can focus on constantly innovating a better user experience, while maintaining a clear process for resolving issues along the way. My passion to create and implement new technologies is my motivation for this new adventure in programming."

SKILLS

- Swift/Xcode.- Cocoa Touch, Optionals Types, Control Flow(Loops, conditionals and cases), (Classes, Properties and methods), Protocols and extensions, inheritances & initializations, Error handing, Functions, Collections.
